**Wednesday**

**Mass  
Library  
Mixed Facts Quiz**

**Thursday**

**PE  
Spanish  
Music  
Spelling Test**

**Friday**

**NO SCHOOL  
CONFERENCES**

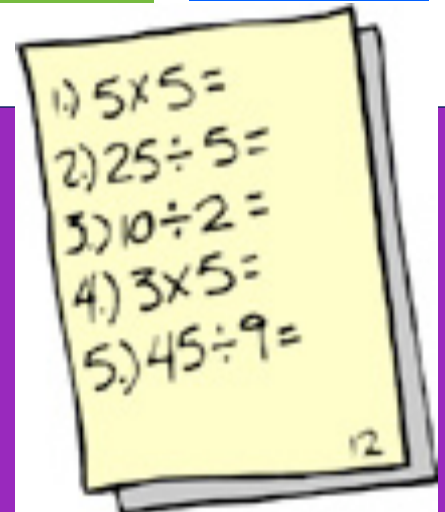

Highlights of the week: The kids used their measuring skills to make fun designs and to describe their favorite winter activities.

**Language Arts**— Next week's language arts will consist of studying **biographies**. The kids will have the chance to read and learn the characteristics of a biography. Each child will have the chance to choose a person to read about and do a biography report. There will be a spelling test on Thursday.

**Math**— In math we will have our unit 6 geometry test. Please complete the review packet at home over the weekend. We are officially done learning all of our facts. For the next several weeks we will complete mixed facts quizzes. My goal is to have each child **MEMORIZE** all of the facts.

**Science**— We are coming to our conclusion of the metric system by studying volume and temperature. The class will conduct experiments to work on these skills.

**Religion**— Our class will begin our Christian Chastity unit where we will learn about the legend of St. Patrick and about the Communion of Saints. We will also pray the Apostle's Creed.

### **Important Information:**

- \* Please continue to follow along with our Lenten Journey project. We talk about our activities each day in class.
- \* Don't forget to check the lost and found for missing items.
- \* Please begin to review the MCA practice tests that will start coming home each week. Your support is so helpful for the success of your child during these tests.
- \* Our class raised \$125.00 for Pennies for Patients!!
