

Guide to help complete the report: Please feel free to add your own creativity.

1. Use the I-Chart graphic organizer to record information as you research your American Hero.
2. After completing the I-Chart use the information to write a report in paragraph form. The following is a guide for the written report:

#### Paragraph 1

Write 4-5 sentences about the time period your hero lived. Compare the time period to today. What is different? What is the same?

#### Paragraph 2

Write 4-5 sentences about your hero's life. Where was your hero born? Tell about your hero's family. Tell about your hero's schooling. Tell about any important events in your hero's life.

#### Paragraph 3

Write 4-5 sentences about your hero's contribution(s) to America. What was the contribution? How did it help people?

#### Paragraph 4

Write 4-5 sentences telling why you chose this person and any other interesting facts.

**Please remember this is your child's project. Assist in the process but do not write the report. You should edit the report for spelling and punctuation.**
