Are you ready for a fun week? Next week is Catholic Schools Week, so look at the schedule on the back for a list of activities. In Religion, we are learning the four marks of the church and are working on designing a logo describing each mark. In Language Arts this week, we learned how to write a journal entry, a thank-you note, and wrote a story out of our "idea box"! Next week, we will read the story *Raising Dragons*, will learn about making conclusions, suffixes -y and -ly, and will learn about present time verbs. We will not have a spelling test next Friday, but will have a weekly skills test. In Math, we have finished learning about place value and will have a test on Tuesday, January 27th. Please help your child review for the test with the review packets that will be coming home. We will also continue studying multiplication and division by 8's and will have a quiz on Wednesday. In Science, we have finished learning about length, weight, volume, and temperature in the Metric System. We will test on everything we have learned on Thursday of next week. Please have your child study his or her note sheet and any review packets that will be coming home. Thanks!
