

March 27th, 2009

In Religion this week, we made a mandala based on all the people who belong to God's family. When we return from break, we will be talking about the "Three Days" before the season of Easter. Please continue to complete your Lenten promises every day, especially over Spring Break! In Language Arts this week, we learned about biographies. We will read many different biographies in class and learned a lot about important people in history. When we return from break, we will start writing our animal research reports. Your child is aware of which animal they will be researching, so please find a book on that animal over break. We will not have a spelling test or weekly skills test the week we return from break. In Math, we will begin Unit 8 on Fractions when we return from break. Please keep practicing those facts at home! We will have a mixed fact quiz on Wednesday when we return from break. In Science, we will start a new unit on Water when we return from break. Lots of new beginnings for the last stretch of school!

Other Notes:

- ∞ Carnival Baskets: The third grade has been asked to donate cooking and music related items for the OLG Carnival "Movie Mania". Please bring in your donations by Monday, April 13th. Thanks!
- ∞ Animal Report Book: Your child has chosen either a Fish, Amphibian, Reptile, Bird, or Mammal to do his or her writing research project on. Over break, please get a book at the library that your child can use in class to do the research. Thanks for your help in advance!
- ∞ Junior Police Program: The third graders will get the opportunity to learn about being junior police officers for the next two weeks. Edina police officers will be coming to teach the students all about it! Students will be required to fill out a packet in order to earn themselves a police badge!

Schedule on back
