

May 16th, 2008

We are busy around here as the end of the school year is coming soon! In Language Arts, we wrapped up Theme 5 on Voyagers. We had fun reading all the stories and talking about why the voyagers made their journeys. Next week, we will be writing a persuasive paper. We will write the whole paper here in class. In Math, we will keep learning about probability. We will be experimenting with spinners and will be making our own! On Thursday we will have an informal assessment on probability. Your child does not need to study for this. Also, please keep studying those facts! We will have another mixed fact quiz on Wednesday. In Science, we will learn more about water next week. We will look at hot water and cold water, water as ice and water vapor.

Don't Forget

- Fall Sports Registration: Registration for the fall sports season is on Mr. Solsten's web page. Forms are due by May 23, 2008.
