

May 8th, 2009

In Religion, we learned about safety on the Internet. Hopefully your child created his or her own "secret" password at home that they can use on the Internet! Next week, we will begin a chapter on the Sacraments. In Language Arts, we read *Trapped by the Ice*, learned about text organization, spelling words with the VCCV pattern, homophones, and possessive pronouns. Next week, we will read *Ramona Quimby, Age 8*, learn about making generalizations, spelling words that are contractions, and about adverbs. In Math, we are learning about advanced multiplication and division facts and will continue to do so next week. Please keep practicing those multiplication and division facts, as we will have a mixed fact quiz on Wednesday. In Science, we have started to learn about sound. Ask your child what sound discrimination is and how we used drop codes! Next week, we will learn about vibrations and will be able to experiment with a tuning fork.

Other Notes:

- ∞ Mother's Day Tea: Thanks to all the mother's who joined us for this lovely occasion. Have a wonderful mother's day!
