

# November 7th, 2008

Hello from third grade! In Religion this week, we talked about the Holy Spirit and how it is always there for us whenever we feel happy, sad, or scared. Next week we will be talking about the early church. In Language Arts this week, we read the story *Grandma's Records*, learned about spelling words with long o vowel sounds, learned how to categorize and classify, turn words into plurals, what guide words are, and about plural nouns. Next week, we will read the story *The Talking Cloth*, learn consonant pattern spelling words, learn about cluster maps, contractions, rhyming words, and more about nouns. In Math, we have been learning about measurement. We will be finishing Unit 3 next week and will test on Friday. A review will be coming home with your child on Wednesday to prepare for the test later in the week. We are also studying multiplication and division by 5's and will have a quiz on Wednesday. In Science, we learned about stars, asteroids, and meteoroids this week. We have finished learning about the Solar System and will test next Wednesday. Your child should study his or her note packet and activity sheets to prepare for the test.

## Other Notes:

- ∞ Thanksgiving Basket donations: Please bring in \$1.00 and the Thanksgiving item your child chose to donate to be delivered to a family in need this holiday. Thanks!
