Mrs. Moore's First Grade

Week of March 1st

A NOTE FROM MRS. MOORE

Dear First Graders,

You all worked very hard on Thursday. This past week we talked a lot about growing closer to Jesus. During Lent, we should try our best to grow closer to God and Jesus. This weekend, try to help someone who is in need. Book Orders are due Thursday, March 4th! Enjoy your weekend!

Blessings, Mrs. Moore

Conferences are on Friday, March 5th. I'm looking forward to meeting with all of you for conferences! If you have any questions please contact the office.

READING

This week we worked on reading and spelling words with the oo pattern. This week we read a story about a bear who got lost in the city them found a boy who helped him. In our reading, we paid close attention to the order of events in the story. Below are some ways you can help your child practice reading skills.

Read Aloud: Read a bus or train schedule with your child. Plan a real or imaginary trip.

Internet Connection: Your child can take a tour of a city where the bear got lost by visiting the Education Place website: www.eduplace.com/kids/hmr/1/7/

Talk About It: Ask your child to think about ways to avoid getting lost. In your discussion, be sure to include some basic guidelines, such as being sure someone knows where you are, memorizing your address and phone number, and so on.

Star of the Week

Sam Pumarlo will be our Star of the Week next week. We will learn all about Sam on Wednesday, Thursday, or Friday.

Art Institute Field Trip Form

Today a field trip slip went home. Please sign and return the form with \$2.00. This field trip is not scheduled until March 23rd, but please send signed forms back to school by March 8th! Thank you.

McDonald's Reading

A letter explaining this reading program went home today. This is an optional activity.
Enjoy!

PENNIES FOR PATIENTS

Thank you for your contributions to Pennies for Patients!

Math

This week we learned about fact families while working with fact triangles and addition/subtraction tables. Keep working on your addition and subtraction facts at home! Remember you can go online to my website to practice your math facts.

On Monday, we celebrated the 100th Day of School. The children have been working on a 100 Day Book. Once they are done writing their books, our hope is that they can read them to the Kindergarteners.
