END OF QUARTER The third quarter will come to a close on Thursday. Report cards will be sent home on the 28th.

MATH For the next several weeks, we will be reviewing concepts for the MCAs during math class. Therefore, you won't be seeing any math boxes or study links coming home.

STUDENT SUPERVISION Please keep in mind that our mornings and afternoons are booked with meetings, planning and helping students. No student should be arriving before 8:15 unless they have made arrangements to meet with his/her teacher. Likewise, students need to go home as soon as the school day ends. They may not hang out here until practice. If your child wants to come before 8:15 or stay after 3:15 for any reason, they **MUST** be supervised by a parent or have a pre-planned meeting set (ex. Tues. and Thurs. morning math help).

VACATION As the various spring breaks approach, we have been receiving numerous requests for homework. Here is what the school community has agreed upon in regards to these scenarios. When students are absent from school because of extended vacations outside of regular vacation periods, the teacher will help the students determine what academic work will be missed during the vacation period **but cannot provide daily assignments. The teacher will not be responsible for grading missing work.** The missed assignments will be entered as "Not Graded" in Powerschool and will not affect the student's grade. However, the student will be responsible for any missed material that is on future assignments or tests.

TESTING On April 15th and 17th than April 22nd and 24th we will be taking our Minnesota State Standards tests. Please work around these days, as make up time is scarce towards the end of the year.

HAVE A GREAT WEEKEND!
